PROFILE

As a fashion designer, I have acquired a wide range of technical skills that enable me to excel in the industry. My experience encompasses fashion design, pattern-making, print design, and garment construction. Moreover, I am proficient in the use of digital design tools such as CLO 3D and possess a strong understanding of visual composition, allowing me to translate abstract concepts into unique fashion pieces and create visual narratives in fashion editorials. Additionally, I am well-versed in Adobe tools, including Photoshop and Illustrator, enabling me to execute design projects with a professional and creative approach.
